

ON THE FRONTIER.

The Revolutionists in Macedonia Are Massing Thousands of Men at Various Points.

BANNER OF REVOLUTION UNFURLED

Every City and Village, Whether the Inhabitants Are Friends or Foes, Will Be Destroyed.

Beginning of Massacres, Burnings and Destruction Compared With Which the Turkish Atrocities Will Seem Child's Play Threatened.

London, Sept. 21.—The Daily Mail's correspondent at Sofia telegraphs: "One of the revolutionary chiefs has informed me that the revolutionists are massing thousands of men at various points on the frontier and their laboratories are working incessantly to replenish their stock of bombs and explosives. They do not count much on war between Turkey and Bulgaria, but on the day they hear that the meeting between the czar and Emperor Francis Joseph has not had the desired result for Macedonia, the world will witness the beginning of massacres, burnings and destruction compared with which the Turkish atrocities will seem child's play. The banner of revolution, my informant says, will be unfurled in all the border districts. Every city and village, whether the inhabitants are friends or foes, will be destroyed, and such a state of anarchy will be caused that the Turks will step out voluntarily and leave the country to Macedonian survivors. We have selected the frontier districts for these final operations so that Europe may hear the despairing cries of the dying nation which the Turks would stifle."

London, Sept. 21.—The Balkan situation presented few new features Sunday morning. The German emperor's influence at Vienna is said to have been thrown in favor of allowing the sultan the utmost freedom in suppressing the insurrection. Both Turks and Macedonians claim the victories in the daily encounters. A report from Sofia states that the Bulgarian military preparations are reaching the stage of perfection that will enable the concentration of 200,000 men on the frontier within a week and that the stocks of provisions, weapons and ammunition are rapidly becoming efficient.

HIS HEAD CUT OFF.

One Soldier Killed and Another Fatally Injured.

Grand Rapids, Mich., Sept. 21.—John Delater had his head cut off and John Manni was fatally injured by an accident on the Bridge street bridge. Both were members of Company B, Second regiment, M. N. G., and were returning from rifle practice at Berlin, riding on a Muskegon Interurban line combination baggage and passenger coach. The soldiers were sitting in the doorway of the baggage compartment swinging their feet when the car ran on to the bridge. Delater's feet caught in the iron work of the bridge and he was suddenly jerked from the doorway and thrown beneath the wheels of the car. He was decapitated. In the fall he clutched at Manni and partially dragged him from the car. Manni had one leg broken and received other injuries that will be fatal.

THE BOSTON GREEKS.

Strong Protest Against Bulgarian Incursions to Macedonia.

Boston, Sept. 21.—A meeting of the Greeks of Boston in Stein hall Sunday made strong protests against the Bulgarian incursions to Macedonia. The Bulgarians were charged by the speakers with stirring up insurrection and thereby causing the slaughter of Greeks in order that ultimately Bulgaria might annex Macedonia. A contribution of nearly \$1,000 was raised to assist the persecuted Greeks in Macedonia.

Armenian's Mass Meeting.

Chicago, Sept. 21.—More than 400 Chicago Armenians held a mass meeting and discussed ways and means to stop what they deem a confiscation of Armenian church property by Russia. M. B. Seron, of the Armenian national church in America, presided.

Shot By a Game Warden.

Wilkesbarre, Pa., Sept. 21.—E. W. Campbell, one of the game wardens of Luzerne county, Sunday shot and probably fatally wounded Roman Dales, 25, near Campbell's ledge, two miles from Pittston, for violating the game law.

Luxora, Ark., Sept. 21.—Negroes overpowered the sheriff here, took out a Negro named Helem and hanged him to a water tank.

THE OPEN SHOP QUESTION.

Fault Is Found With the President's Attitude in the Matter.

Chicago, Sept. 21.—President Roosevelt Sunday was voted by the Chicago Federation of Labor a 9,000 word letter of advice in which fault is found with the president's attitude on the question of open shops. The letter was prompted by the decision of President Roosevelt in the Miller case, in which the president said that Miller, or any other man, must not be discharged from the government printing office on account of non-membership in a union. "Deliciously unaware of the hypocrisy of the world of finance," "bonest and humane, but uninformed," were some of the clauses used to describe the president in the long letter of the open shop committee.

Its opening paragraphs contained a definite disclaimer of any wish to attack Mr. Roosevelt, the blame for the chief executive's attitude in the Miller affair being placed on "coterie of certain well-known interests which are constantly on guard around the white house." The president was told that he fell into error in his view of the question, "Because of that impetuosity for which we love you." A copy of the communication will be forwarded to Oyster Bay at once under date of Labor day, September 7.

KILLED BY A POLO BALL.

Nathan Swift, Son of Louis F. Swift, the Packer, the Victim.

Chicago, Sept. 21.—Nathan Swift, son of Louis F. Swift, the packer, died Sunday from the effects of a blow on the temple with a polo ball at Onwentsia field during a game. The accident was at first thought to be trifling. Mr. Swift was playing in a contest in which his companions were Frederic McLaughlin, W. W. Rathbone, Walter Farwell, Sidney Love, Walter Keith, R. R. McCormick and Charles Garfield King.

The ball which struck Mr. Swift was one that went high in the air and from the mallet of Mr. Love. Mr. Swift did not appreciate the danger until too late, the glare of the sun preventing him from following the ball in its flight. When the ball hit him he did not fall from his saddle and when his companions galloped to his side he was at first inclined to make light of the injury. He was induced to dismount, but walked without aid from the field. Arriving home, he complained of dizziness and later he went into a delirium which was followed by his death.

DESPONDENT OVER HIS LOSS.

Henry Mockley, Formerly a Kansas City Packer, Shot Himself.

Kansas City, Sept. 21.—Despondent over the loss of \$35,000 in the June flood, Henry Mockley, former proprietor of the Riverside packing house, committed suicide Sunday by sending a bullet through his brain. The tragedy occurred in a desolate room in a tenement house. Mockley was 64 years old and had lived in Kansas City 20 years, coming here from Switzerland. Years ago he established the Riverside packing house and his business enjoyed a prosperous growth until the flood came, when he lost nearly all of his property. Three weeks later fire made the ruin of his packing plant complete.

TRI-STATE FAIR TRAGEDY.

Condition of Chief Heuke and Capt. Brennecke Improved.

Evansville, Ind., Sept. 21.—Chief Fred Heuke and Capt. Fred Brennecke, the victims of Detective Thos. Hutchens' pistol at the German village at the tri-state fair grounds last Friday night, were somewhat improved Sunday night. All day long friends of the wounded officers went to the hospital to see them, but were not admitted. The men, while they show some improvement, are by no means out of danger. Jacob Matt Walling is now investigating the shooting and will return his verdict probably Monday.

BALL PLAYER INJURED.

Second Baseman Kelley Hit in the Head By a Pitched Ball.

St. Paul, Minn., Sept. 21.—In a game of baseball here Sunday between the Winnipeg team, champions of the Northern league, and the Algonia, Ia., team of colored players, W. W. Kelley, second baseman of the Winnipeg, was hit in the head by a pitched ball and probably fatally injured. Kelley is a brother of Manager Michael Kelley, of the St. Paul American association team.

Millmen 'Will' Not Strike.

Ouray, Col., Sept. 21.—At 2 o'clock Sunday morning after a bitter fight more than six hours, the local miners' union by a vote of 150 to 50 decided that the millmen should not strike for an eight-hour day.

TWO MORE RESIGN

Lord Balfour of Burleigh, Secretary For Scotland, Leaves the British Cabinet.

THE TREASURY SECRETARY QUILTS

Apparently the Duke of Devonshire Has Decided Not to Give Up His Portfolio

It Is Certain Austen Chamberlain, Lord Milner and Mr. Broderick Will Take the Exchequer, Colonies and India Portfolios.

London, Sept. 21.—Lord Balfour of Burleigh, secretary for Scotland, and Arthur Ralph Douglass Elliott, financial secretary to the treasury, have resigned and their resignations have been accepted by the king. Mr. Elliott was not in the cabinet. These two resignations make a total of four vacant cabinet posts and one secretaryship at Mr. Balfour's disposal.

With the resignation of Lord Balfour and Financial Secretary Elliott, both strong free traders, it is understood that the ministerial resignations are completed and apparently the duke of Devonshire has decided to remain in the cabinet. It is practically certain that Austen Chamberlain, Lord Milner and Mr. Broderick will take the exchequer, colonies and India portfolios respectively, and the only surprise in the new appointments is likely to be the nomination of a strong man to the war office to determine how far the recommendations of the South African war commission can be carried out. Home Secretary Aker-Douglas started for Balmoral Sunday night and he will probably be involved in the reconstruction changes.

DINNER TO J. B. JACKSON.

He is the First American Diplomatic Agent to Bulgaria.

Sofia, Sept. 21.—Prince Ferdinand Saturday evening gave a dinner party at the palace in honor of J. B. Jackson, who in the afternoon had presented his credentials as the first American diplomatic agent to Bulgaria. The guests included F. E. H. Elliott, the British diplomatic agent, and the Bulgarian ministers and high officials.

Prince Ferdinand proposed the health of President Roosevelt, speaking in English, and the court band played a selection of American airs.

Great satisfaction is expressed not only in official but also in commercial circles at America's action in establishing diplomatic relations with Bulgaria. The belief prevails that a great opportunity exists for developing a profitable export and import trade with the United States.

WISCONSIN RIVER FLOOD.

A Space Covering Six Miles Is a Sea of Water.

Milwaukee, Wis., Sept. 21.—At Portage, Wis., the Wisconsin river reached a stage of 12.2 feet at the government lock at noon Sunday, when the city levee on the west side of the river broke and the entire district between the Wisconsin river and the Baraboo river, covering a space of six miles, is a sea of water. Seven hundred feet of newly built city levee was washed away. Farm residences in the district are entirely surrounded. Hundreds of acres of potatoes, corn and millet are ruined.

BULL FIGHTING AT JUAREZ.

Six Bulls Were Killed and Several Horses Slain.

El Paso, Tex., Sept. 21.—The new fifty-thousand-dollar bull ring at Juarez, on the Mexican border, was formally opened here Sunday in the presence of 10,000 people, chiefly Americans.

Six bulls were tortured and put to death and several horses were slain by the bulls. Cervera, the famous Spanish bull fighter, is at the head of the troupe.

Liberty, Mo., Sept. 21.—A Clay county court has made an order which practically prohibits "Uncle Tom's Cabin" shows from being given in the county.

DARING JAIL DELIVERY.

Three Prisoners Made Good Their Escape at Frankfort, Ky.

Frankfort, Ky., Sept. 21.—A daring jail delivery was accomplished here Sunday. Squire Hibler, Clayton Day and Frank Chenault, Negroes, the first a convict and the others ex-convicts, and all awaiting sentence to prison terms for murder and robbery, were the participants, and they made good their escape. To accomplish it Chenault split the head of Deputy Jailer Merritt Williams with a bottle, seriously injuring him, and opened the doors for the others. The Negro Hibler was wearing the guard of the state prison, from which he had been removed from the jail to stand trial for the murder of a fellow convict and before leaving the jail he stole the citizens suit of a fellow inmate and left his stripes behind. The alarm was given immediately following the escape and officials of the state prison and deputy sheriffs scoured the county Sunday without apprehending the prisoners. Hibler is a Louisville Negro and Chenault and Day were sent up from Lexington.

ATTEMPTED SUICIDE.

Frank Johnson, of Lexington, Shot Himself Through the Head.

Lexington, Ky., Sept. 21.—Frank Johnson, aged 20 years, son of B. F. Johnson, a prominent grocer and politician, fatally shot himself through the heart at his home Sunday night just after taking a buggy ride. The family claims it was an accident and that there was no cause for suicide.

Johnson's despondency was caused by a quarrel with his sweetheart, Miss Elizabeth Davis, to whom, it is said, he was recently married. She will neither confirm nor deny the report that she was his wife. He called to see her several times Sunday, but she refused to see him. With a threat to kill himself he went to his room and there fired the bullet through his heart.

KILLED IN A SALOON.

Light Was Knocked Out and John P. Davidson Was Shot.

Bowling Green, Ky., Sept. 21.—John P. Davidson was shot and instantly killed in a saloon. Joe Rush, an extensive cattle buyer, is in jail accused of the crime. There are several theories relative to the tragedy, and the coroner's inquest was adjourned over until Tuesday in order to secure further evidence.

Rush and a son of Davidson engaged in a row over a game of cards, it is said. The boy slapped Rush several times. In the fight the elder Davidson knocked out the light with a chair, and in total darkness the single shot was fired. Davidson fell and expired at once.

Held Under Bonds For Murder.

Williamstown, Ky., Sept. 21.—At an examining trial Jasper McComas, charged with the killing of J. R. Hutton and serious wounding of one of his two sons, was held to circuit court in a bond of \$8,000, which he readily gave. His father, arrested for conspiracy in the case, was released.

Bicycle Rider Shot.

Lexington, Ky., Sept. 21.—Isaac Hubbard, a student of Kentucky state college, was fired upon by a stranger at Clays Ferry, 14 miles from here, Sunday afternoon. Hubbard received the bullet in his hip and was brought to the hospital in this city.

THE IRISH PATRIOT

One Hundredth Anniversary of Execution of Robert Emmet Celebrated at Columbus.

THE IRISH SOCIETIES PARADED.

It Is Estimated That 25,000 Excursionists Arrived in Columbus Sunday to Witness the Ceremonies.

The Day Was Also Fittingly Observed in the First Regiment Armory, Chicago — Stirring Resolutions Adopted at Mass Meeting.

Columbus, O., Sept. 21.—The Emmet centennial celebration held here Sunday was participated in by Irish-Americans from all sections of Ohio. It is estimated that 25,000 excursionists were brought into the city, including a large delegation from Fort Wayne, Ind. There was a parade early in the afternoon of Irish societies. About 3,000 men were in line. Following the parade there was a mass meeting at the Columbus auditorium at which James P. Madigan, of Cleveland, presided. Addresses of welcome were delivered by Gov. Nash and Mayor Jeffrey. Responses were made by T. S. Hogan, of Wellston, state president of the Ancient Order of Hibernians, and Capt. George Sweeney, of Cincinnati, chairman of the state committee in charge of the celebration. The principal speakers were James E. Dolan, of Syracuse, N. Y., national president of the A. O. H., and John T. Keating, of Columbus, former national president of the order.

Sunday night a mass meeting, held at the Board of Trade auditorium under the auspices of the ladies auxiliary of the A. O. H., was addressed by Rev. L. W. Mulhane, of Mt. Vernon.

Among the resolutions passed at the afternoon meeting was the following:

"We, Irish-American citizens of Ohio in mass meeting assembled on the centennial anniversary of the martyrdom of Ireland's best loved patriot, Robert Emmet, affirm our undying allegiance to the principles for which he fought and died. Our ambition is that of Emmet, to see a republic established upon Irish soil and we will never be satisfied with less than absolute independence."

Chicago, Sept. 21.—At the First regiment armory Sunday night a huge meeting, under the auspices of the United Irish societies of Chicago, adopted resolutions declaring that no settlement of the Irish question short of national independence will satisfy the aspirations of the Irish people. The occasion for the gathering was the 100th anniversary of the execution of Robert Emmet and the resolutions were emphatic that no Ireland will satisfy men of Irish blood but the Ireland for which Emmet died; Ireland a nation of free and independent, making her own laws, floating her own flag, shaping her own fortunes, acknowledging allegiance to no power outside the limits with which nature has bounded the island.

The following resolution was adopted: "While we recognize in the land bill which has recently become law a substantial concession to the just demands of the Irish people, we do not regard it as either a settlement or a compromise of the Irish question. We urge the leaders of the United Irish league to take up with vigor and increased activity the movement to secure legislative independence which we hold to be of greater importance than the settlement of the land question."

The speakers at the meeting included Gen. Nelson A. Miles, Rabbi Hirsch, and Judge Marcus Kavanagh.

The Jett Murder Trial.

Cynthiana, Ky., Sept. 21.—The most important testimony was given Saturday in the Jett case that has been given yet was that of Charles Green. His testimony was that he was standing about ten feet from Cockrill when he was shot; that he heard the shots and looked up and saw three men shooting from the courthouse window, and recognized one of them as Curt Jett; saw Jett afterward standing in the courthouse door with a pistol in his hand.

The Republicans claim they don't favor assassination, but they are found favoring assassins, which is far worse.

The Republican platform makes a great show of virtue in its condemnation of "assassination," but the party kicks like a mule when it comes to punishing assassins in its ranks.

FORMER Governor W. O. Bradley will take the stump for the Republican nominees as soon as his health will permit. Col. Belknap and his crowd are very anxious for Bradley to get well right away.

The afternoon passenger train was detained here until after 3 o'clock by the accident.

A GREAT RECORD.

Hard to Duplicate it in Maysville.

Scores of representative citizens of Maysville are testifying on the following subject. Such a record of local endorsement is unequalled in modern times. This public statement made by a citizen is but one of the many that have preceded it and the hundreds that that will follow. Read it:

Mrs. W. F. Woodward residing at West End, near Pogue's distillery, says: "Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kidney troubles when such a reliable and effective preparation can be had."

A REMARKABLE EXHIBITION.

Entirely Too Much Show For One Pair of Eyes—Barnum & Bailey's Great Circus Coming.

In many respects the Barnum & Bailey Greatest Show on Earth is remarkable. The tents are lighted with electricity, and have a foot-rest for every seat. The ring performances are so numerous and attractive that it is a very difficult matter for the spectator to see them all. At one time nearly as many as a dozen acts of an exceptional character are in progress, each one of such a wonderful kind and of such a high order of merit as to justify its presentation by itself alone. Every act is really a feature in itself. There are so many of these special features and high-class acts going on at once that all the spectators can do is to rivet their attention on one of them at a time, which will be sufficient to stamp the entertainment as the grandest ever seen. If one will consider all the wonderful array of attractions set before the patrons it hardly seems possible to give so much for so small an admission price. The two menageries themselves are fully worth what is asked to see everything. Then the curious human freaks and the queer entertainment in the menagerie tents is another complete exhibition, and one so full of novelty and so instructive to everybody as to prove a notable show in itself. Three herds of elephants also afford much amusement, while nearly one hundred trained horses executing tricks at one time in several rings, are really amazing. Two droves of camels, and many cages of rare animals give the children and others useful knowledge, while many sensational and thrilling races and aerial displays afford satisfying recreation to everybody. Clowns cause constant laughter, so that all classes of patrons are amused, awed, thrilled, and bewildered, but none so much as the critic, who wonders how it can all be given for so small an admission. And so, take it all in all, it is a remarkable American show which everyone and everybody should see in Maysville on Wednesday, October 7th. A big team of forty horses, driven by one man, will be seen in the street parade, in the morning.

THE MARKETS.

Review of Trade in Live Stock and Tobacco at Cincinnati the Past Week.

Cattle—There were fair supplies of nearly all grades of cattle, and the market slowly eased off during the week. Extra steers at \$1.50@5 are 23@35c. lower. Good butcher steers at \$1.75@4.65 are 40@25c. lower; heifers at \$3.75@4 for good are about 10c. lower; best butcher cows at \$3.75@4 held their own, but lower grades were easier. There was not much change in bulls or in stockers and feeders. Milch cows were dull and easier.

Hogs—The market for hogs has ruled irregularly during the week under a good demand, especially for heavy packing grades. Light hogs being more or less neglected. Butcher and packing grades at \$6.10@6.35 are 15@20c. higher than a week ago, light to medium weights at \$5@6.25 are unchanged, and pigs at \$4@5.50 are 15@25c. lower. The market at the close was steady.

Sheep—Since Monday the market for sheep and lambs has been slow, with a declining tendency in prices. The demand has been indifferent. Sheep that ranged between \$3 and \$4 a week ago are now selling between \$2.60 and \$3.10. Lambs are selling mostly at \$1.65@5.50, compared with \$5.25@5.75 a week ago.

Tobacco—There was a slight decrease in offerings and receipts the past week, as compared with previous week and also in the average price obtained. Rejections showed a slight increase, and the market as a whole cannot be said to have been as satisfactory to shippers. It opened strong with light offerings on Tuesday, weakened somewhat with considerable irregularity on Wednesday, and rallied sharply on Thursday and Friday.

Advices from the growing sections indicate that almost the entire crop is cut and housed, so that there will be little if any loss from early frosts. This is pleasing news to manufacturers in view of the decreased acreage of 1903 and the uncertain and rather problematical quality of the crop, which in many sections is "spotty" and lacking in color.

Cured By Electricity.

Utica, N. Y., Sept. 21.—A remarkable case, in which a woman has been made to speak after inability to utter a word for three years, is that of Miss Emma Lewis. She is 50 years of age, and lost the use of her vocal cords through paralysis. A local physician has restored their use through electrical applications of varying power to the throat.

Harmless Headache Remedy

There is much similarity between many of the headache remedies on the market. They cure some cases, relieve others, and in some instances not only fail to do good, but instead produce prostration and other disagreeable symptoms. That is where

Chenoweth's Headache Cure....

is peculiar and different. If it does no good it certainly will do no harm. It contains no antipyrine, morphine or other opiates. You can form no habit of taking it—the habit of not taking it is more apt to be formed, through the disappearance of your headaches. Harmless, inexpensive, sure. Money back if it fails.
